A non-refundable deposit is required at registration to hold your child's spot and will be applied toward the total cost of camp. Families may choose to pay in full at registration or split payments into two installments.

Half of the total camp cost is due by March 31, 2026 (or at registration if you enroll after that date). The remaining balance is due by May 31, 2026. Please note that all payments made after April 1, 2026 are non-refundable, and full payment must be received by May 31, 2026 in order for your child to attend Beyond Camp.

Financial assistance may be available through outside agencies. Families using agency funding should follow the agency's application process. Once Julie Billiard Schools is notified of an award, your account will be updated accordingly.

## ASSISTANCE

**Don't miss out on funding that can significantly reduce the cost of Beyond Camp.**

Your local County Board of Developmental Disabilities (DD) offers camp funding for eligible students, but families must request it. Based on recent funding updates, many families now receive approximately \$1,000 from their County Board of DD to help cover camp costs.

This funding is widely available and can make a meaningful difference for families. To access it, you'll need to complete a brief intake process, typically a simple application on your County Board of DD's website. **If you're unable to find the form online, a quick call to the Board's intake department will get you started.**

**Act early. We strongly encourage families to contact their County Board of DD as soon as possible.** Beginning the intake process by January 2026 will help ensure funding is in place for Beyond Camp.
